No Pause! No Deviation!

Whilst other stores are grumbling about dull trade, bad weather, etc., we are doing a rattling and rushing trade. Why? Simply because we are always "up and doing," taking advantage of every opportunity offered to increase our sales. We are now showing our third invoice of French Broadcloths. Do you need a new dress? Do you need a new cloak? Do you need a new pair of stockings? Do you need a new pair of gloves?

Yes. Yes. Yes.

COLONEL DUDLEY.

He Tries to Hide His Infamy by a Half-Way Denial.

New York, Nov. 1.—An Associated Press reporter called upon Colonel Dudley and questioned him regarding the circular published over his name and said to have been issued from the republican headquarters. The verbatim report of the interview with the colonel is as follows:

"Colonel, did you send out this circular?"

"The circular, as published, is a forgery."

"Did you send a circular substantially the same as this?"

"I won't answer. I only say that this letter as published is a forgery."

"Would you indicate any interpolations of any part that is forged?"

"No, I will only repeat what I said—and please take down the exact words—the circular *as published* is a forgery."

"Perhaps your signature to the letter instead of that of the national committee is the forged part," suggested the reporter.

But Colonel Dudley would repeat only the same answer. He positively declined to deny, however, that the substance of the circular was sent out by the republican national committee.

Other members of the committee who were asked about the circular, replied: "It is forged, *as published*."

The Illinois Contest.

Springfield, Nov. 1.—The gubernatorial contest in Illinois has closed, with the exceptions of Chicago and Cook county. Both candidates are there and will remain in Chicago until the election. There is a great contest here for governor, and the democracy are quite sure of a small majority, as many of the railroad and laboring men will vote for Palmer as against Fifer, the repubiican candidate. Palmer has made an able canvass of the state and has many warm personal friends.

A Big Haul by Highwaymen.

Akron, Ohio, Nov. 1.—Joseph Dickenhof, aged eighty, while going through an unfrequented party of the city last evening, was assaulted by two highwaymen and robbed of $7,300 that he carried in a valise. He was knocked down with a sling shot. The thieves escaped in the darkness, stealing a horse and buggy to get away with. Officers are in pursuit.

Our local politicians are making active arrangements for the next campaign. They ordered a box of Dr. Bull's Cough Syrup and feel confident and happy.

Fixing Up Negro Republicans.

Washington, Nov. 1—At a meeting of Virginia republicans last night more than 500 colored voters were supplied with free railroad tickets to enable them to go home to vote. Addresses were made by Prof. Jones, John H. Harrison, W. H. Nelson and others.

A HORRIBLE DEATH!

Overtakes an Iron Works Employe by the Explosion of Molten Iron.

Pittsburg, Pa., Nov. 1.—An explosion of hot metal occurred at the Sable iron works, of Zug & Co., shortly before noon, killing one man and seriously injuring two others. Two men were employed in the furnace department pouring molten metal into a car when it was accidentally upset and hot iron ran into a puddle of water.

A terrific explosion followed, demolishing the furnace and a portion of the mill and scattering metal over the men. George Smith was horribly burned about the head and chest, and one arm was torn from his body. He died almost instantly.

Others were also frightfully burned, but all will recover except Klein, who is in a very critical condition. The damage to the mill will not exceed beyond $1.000.

An Infant Murdered.

Lafayette, Ind., Nov. 1.—Yesterday the coroner fished out of the driftwood at the Brown street bridge the body of an infant, which had been thrown in last night. The parent of the child had made death certain by cutting its throat before consigning the body to the Wabash.

HOW NEW YORK WILL GO.

The World Figures Out a Good Democratic Plurality.

New York, Nov. 1.—The *World* has complete estimates from each county in the state and figures out a democratic plurality of 23,000. In this estimate New York county is shown as giving 65,000 plurality and Kings county 20,000 for Cleveland.

Another Comet.

Rochester, N. Y., Nov. 1.—A telegram just received from the Lick observatory announces the discovery, by Barnard, of another comet, the second discovered by them in less than two months. It was in right ascension 9 hours, 43 minutes, 22 seconds; declination south, 15 degrees, 19 minutes. It has a faint tail, with a slow motion northeast. It is of the eleventh magnitude, being just visible through the four-inch telescope.

Foreign.

London, Nov. 1.—Lord Sackville has not yet advised the government as to the date of his return. It is possible some time may elapse before a new minister is sent to Washington. American circles here are anxious that Lord Dufferin should be appointed to the post.

The illness of Cardinal Newman is now reported to be very serious.

SAVED THE SAFE.

Three Men Hold Up a Train, But the Messenger Secures the Valuables by Flight With the Keys.

El Paso, Texas, Nov. 1.—The Mexican Central passenger train was held up sixty-two miles below El Paso yesterday by three masked men. They came on the engine over the tender, and at the point of a six-shooter forced the engineer and fireman to stop the train and get off. They divided the train and left the passenger cars and ran on six miles, when they again stopped and robbed the express car, getting over $2,000.

Express Messenger N. T. Villegas jumped out of the car at the side door while the robbers were breaking the end door, and ran off in the darkness with the keys to the safe, thus preventing the robbers from getting the valuable contents of the safe.

The robbers came on with the engine nearly to Juarez and then abandoned it. They cut the telegraph wires, and it was nearly 8 o'clock before telegram was received at Juarez telling of the robbery. The men were Americans, and are supposed to have come across the river, but there is no clew to them.

Yesterday, before Esquire Romy, Fred Geistdorfer was fined $1 and costs for assaulting Hattie Gillette.

A SICKENING SIGHT.

Two Pugilists Have a Prize Fight in a Hotel Dining Room.

New York, Nov. 1.—Thomas Flannagan, of Cincinnati, and Peter McCable, of Albany, fought a desperate battle lasting ten rounds, in the dining room of the hotel at City Island. Flannagan was declared the victor at the close of the tenth round, after almost demolishing McCabe. The battle became so wicked after the finish that many spectators turned their heads away to avoid the sickening sight. The fight lasted forty minutes.

Judge S. M. Hench spoke to a big democratic meeting at Albion yesterday.

A Big Fire.

Lynchburg, Va., Nov. 1—Fire this morning destroyed Moorman's tobacco warehouse, the Dental cheming gum factory, and Hofferans' sash, blinds and door establishment, causing a loss of over $50,000; insurance, $21,000.

The Public Debt.

Washington, Nov. 1.—The decrease of the public debt for October is estimated at $460,000.

The laborer must always buy in a protected market, at prices dictated by trusts and monopolists, under cover of the war tariff tax. The only thing the toiler can sell is his labor and he must compete with the world. This is the problem of the day.

OUT FOR A NIGHT.

A Mob of Two Hundred Ann Arbor Students Celebrate Hallow'een and Some of Them are Jailed.

Ann Arbor, Mich., Nov. 1.—A mob of 200 students celebrated hallow'een last night in a manner which landed three in jail. They first attempted to break up a procession, but were unsuccessful. They next went to a meeting at which W. L. Putnam, of Maine, was speaking, and raised a disturbance. They were ejected. They then raised bedlam in the streets until three were jailed, when the rest went in a mob to the jail and tried to effect their release, but were unsuccessful.

MURDERED ON THE HIGHWAY.

Attacked by a Band of Colored Murderers, and Two White Travelers Killed.

Charleston, W. Va., Nov. 1.—Information has been received from Mercer county, that on Sunday last, two white travelers on a highway were attacked by a band of negroes, two of the travelers shot and their bodies robbed of $600.

The other two men William Henderson and Michael Johnson, escaped and went to Bramwell, the county seat of Mercer, where they gave the alarm. Fifty men went at once in pursuit, but up to yesterday had been unsuccessful, as the outlaws took to the mountains in the neighborhood of the Kentucky line.

A SALOON ROW.

Street Railroad Men Indulge in One at Chicago.

Chicago, Nov. 1.—At a late hour last night several new north-side street railroad employes were engaged in playing pool in a saloon at Clybourn and Racine avenues, when they were attacked by a number of old men, the latter using chairs and whatever else came handy, Then revolvers were drawn and a number of shots fired, Conductor Gannel shooting a man named Montee in the leg. Montee had previously attacked Gannell with a chair. Gannell was the only one arrested.

No More Colored Butter.

Boston, Mass., Nov. 1.—The butter color which nearly all farmers and creameries use in increasing the yellow tint of their product is annoto boiled in cotton seed oil. The *New England Farmer*, of this week, publishes a letter from the commissioner of internal revenue with a decision that such a mixture, though containing an extremely small amount of cotton seed oil, comes within the letter of the statute defining oleomargarine.

Yellow Fever.

Washington, Nov. 1.—Surgeon Porter, Jacksonville, Fla., telegraphs that he has closed one of the hospitals at Sand Hills, as there no longer exists any necessity for two.

Decatur, Ala., Nov. 1.—In the last twenty-four hours eight new cases have developed, The whites are Geo. Black, Thomas Cronan, Thomas Cline and Wm. Shubridge.

Why does Germany with its high protection pay its laborers seventy-seven per cent. less wages than the laborers of "free trade" England? Because protection is a farce and a sham.

The sugar trust has advanced the price of sugar about two cents within a year. This means a gain of $60,000,000 to the trust and yet Congressman White contends that the tax on sugar is not high enough.

Somebody is sending out democratic tickets with Captain White's name on for congress. Democrats, vote your ticket straight. What is the use of electing a democratic president and tieing his hands with a republican congress.

The people of the United States have come to understand that President Cleveland is thoroughly American, and the friendship or enmity of a foreign nation would have no more to do with shaping his policy than a midsummer breeze.

VOTE the democratic ticket straight.

WHO is going to be injured by reducing taxation?

HARRISON will neither carry his own county nor state.

VOTE to return the surplus to the pockets of the people.

VOTE to reduce taxation. Unnecessary taxation is unjust taxation.

THE democrats are thoroughly aroused, active and hopeful. Let every democrat do his whole duty.

MR. DUDLEY's little plan to purchase the vote of Indiana for Harrison has been slightly forestalled.

SENATOR JNO. SHERMAN said a few days ago that General Harrison would be badly beaten in Indiana.

BEWARE of imported negroes. Make some reputable property owner swear that each doubtful negro is a legal voter.

EVERY man on the democratic ticket will be elected. Republicans can squeeze all the consolation they please out of it.

THE national democratic committee has offered $1,000 reward for the author of the Murchison letter, written from Pomona, Cal.

SPOT every republican who has not been in the county sixty days. A voter is required to be in the state six months, the county sixty days and the precinct thirty days.

THE annual report of Warden Patten, of the southern Indiana prison, shows the institution to be self sustaining. Senator Barrett's investigation of that institution has had a wholesome effect.

POPE LEO XIII sets at rest the rumors of a possible abandonment of Rome as the Holy See by his recent declaration to the Neopolitan pilgrims that "it shall ever remain the capital of the Catholic world."

THAT was a good marching song used by the clubs in the business men's parade, in New York City recently, in honor of President Cleveland. They sang, as they marched: "Don't, don't, don't be afraid; tariff reform is not free trade."

DEMOCRATS are especially cautioned to be on their guard against bogus tickets. It is well known that tickets have been in circulation several days purporting to be straight democratic tickets, with republican names sandwiched in.

S. BASH & CO. are out in another card offering to wager $1,000 that their oil machinery is not good enough to make oil for market competition. If S. Bash & Co. would offer to bet an old hat or a last year's bird nest we would warmly accept the offer, but under the circumstances we cannot, unless they let us in on the profits of the linseed oil trust, for a day or so at least.

THE Boston *Pilot*, John Boyle O'Reilly's paper, publishes a letter from P. A. Collins, Eugene Kelley and other leading Irishmen, declaring that the senate is responsible for the insertion of the clause in the new treaty with England, providing for the extradition of dynamiters, and that as framed by President Cleveland it guarded against the surrender of political offenders.

THERE is no country in the world where the workingman is so industrious, ambitious and altogether thrifty as in America. Why in the world, therefore, he should be taxed for the necessaries of life in order to make a big surplus bigger and help the already rich to grow richer by means of monopolies and combines is something "which no fellow can find out." He will say at the polls whether he likes that sort of thing or not.

THE supreme court of Indiana, in a recent decision, recorded in the One Hundred and Thirteenth Indiana (Pettigo vs. Grimes), has reaffirmed the right of students who have taken up domicile at the college town, to vote there. It covers the question, also, as to whether the employes of a public institution have a right to vote in the precinct in which they are employed. They must first have their residence there, and legal residence is a place selected as an abiding place to the exclusion of all other places.

SEVERAL state benevolent institutions reported to the proper state officers at Indianapolis, and received their October allowances for the current expenses from the state treasurer yesterday. The insane asylum received $24,510.05; the deaf and dumb institute $8,080.03; and the institution for the blind $2,680.66. The home for the feeble-minded children has grown rapidly during the year, as is shown by its report for the month closing to-day. The document shows the number of inmates, including employes, to be 281, and the allowance for expenses during the period $2,810.

FIFTY-EIGHT men control the salt trade in this country. They have a protective tariff of twelve cents on the bushel. One thousand and five hundred men are engaged in the labor of making salt in this country, who are paid less wages per man than the laborers are paid in the unproprected industries. Sixty million people use salt and pay twelve cents per bushel to fifty-eight men who control its manufacture in this country. And yet republicans declare that the present iniquitous tariff must not be disturbed. Vote against legalized robbery.

A SCOUNDRELLY LETTER.

The Indianapolis *News*, a republican newspaper and a warm supporter of General Harrison, is fair enough to denounce the attempt of Colonel Dudley to corrupt the voters of Indiana. It says:

"The *Sentinel* this morning prints a letter signed, 'Wm. W. Dudley,' which it says, 'was received during the last few days by the chairman of a certain republican county committee.' We reprint the letter elsewhere in this paper. It is the letter of a scoundrel. We do not believe that Colonel Dudley wrote it; we have always regarded him as an honest man. But if he did write it he is a scoundrel. If it is a forgery then the man who forged it is doubly a scoundrel. The letter is a plain instruction to debauch the suffrage, to-wit: 'Divide the floaters into blocks of fives and put a trusted man *with necessary funds* in charge of these five and make him responsible that none get away.' The letter could have an innocent construction—a construction of simply detailed arrangements for getting out the complete vote—were it not for that clause. But that clause is plain direction how to buy votes, and stamps the letter as a piece of infamous scoundrelism. There is no greater crime than this. Sim Coy's crime was not greater. He simply did by brutal forgery what is here sought by corrupting others. If anything, this is worse; for it creates a purchaseable quantity to be turned loose to act and react on every election. It creates a band of mercenaries to go about and nullify continually the expression of the will of honest citizens. It strikes at the very root and bottom of our institutions, and its depth and prevalence make it simply a question when our institutions perish and despotism rises on the ruins of anarchy. The penitentiary and hard labor for life are too easy a berth for the writer of that letter or for anyone who acts upon it. Be it true or false it is a loud call for every honest man in Indiana to make it his sacred duty to go to the polls next Tuesday and see that every one entitled to vote is allowed to deposit one ballot and have the same honestly counted. No corruption must be allowed to taint Indiana's conduct."

A Word to the City Council.

To the Editor of THE SENTINEL.

We must be more enterprising and more energetic. Other cities, much farther away from the gas fields, are putting in natural gas and we are doing nothing. We plead with you to do something at once. Do not put it off until after the election. Our people are sick and tired buying coal at war prices. Make a scale—one that is fair for all—and then advertise it to the world. Capitalists will take hold. Let Mayor Muhler take hold of this matter and push it through. The people are watching and waiting for something to be done at once. MANUFACTURER.

THE DUDLEY LETTER.

The Document in the Hands of Mr. S. E. Morss and Bears Evidence of its Genuineness.

The Indianapolis *News*, a republican paper and supporter of General Harrison, says, in regard to the infamous Dudley letter published in THE SENTINEL yesterday:

"The Dudley letter has created a great stir. It is generally admitted that if its authenticity is unquestionably proved it is likely to be damaging to the republican party, but whatever effect it may have hinges entirely upon the question as to whether or not it is genuine. Republicans regard it as an endeavor to off-set the Sackville letter, and, with the exception of a few, believe that it is a forgery. Democrats declare that there can be no doubt as to its authenticity.

The original copy of the letter is in the possession of Mr. S. E. Morss, the editor of the *Sentinel*, and by him it was shown to a *News* reporter this morning. It covers two sheets of paper, and is written on the engraved letter heads of the republican national committee, printed with blue ink. The top of the first page, on which was written the name of the person to whom it is said to have been addressed, has been cut off close to the first. The matter is printed with type writer, of the italic style of letter, and the lines are close together. It is dfficult to determine how the signature was written. Mr. Morss thinks it was written with an ordinary pen, but it looks like some uncommon instrument had been used. The lines are very fine and lines are discernible that were not traced by the ink. Mr. Morss was asked if there was any evidence connected with the letter that had not been made public. "None that I care to speak of now," he replied, "but I will tell the grand jury what I know. I suppose that no one doubts that it is genuine."

"Yes, republicans question its authorship. They believe it is a forgery."

"I have not the least doubt that it is genuine. I do not believe that Dudley will deny that it is his signature that the letter bears. It was examined yesterday by bankers, business men, and experts, who are familiar with Mr. Dudley's writing, and all agreed that there was no doubt that it was Dudley's signature. There is no question in my mind on that point. If I had doubted it I shouldn't have published it."

Judge Claypool also examined the letter, and to the *News* said: "I have carefully examined the original of the Dudley letter, and I am thoroughly satisfied that it is Dudley's letter, and that he is guilty of violating two statutes. Under one he may be indicted singly, and under another conjointly with others, I am very hopeful, if not to say confident, that the necessary evidence to sustain a prosecution against him can and will be obtained. That he has committed a very grave offense there can be no doubt, and he deserves severe punishment."

It was noticeable that among those who called to examine into the matter that there was no representative of the committee of one hundred.

All day long the republicans were in confusion. The publication of the letter had revealed their entire plan of campaign. For two or three weeks they have been howling fraud at the democrats, hoping thus to cover up their own work in importing negroes, bulldozing local voters and preparing to buy every purchasable vote.

Public opinion, of whatever political faith, was very freely expressed against Dudley, and the republican managers who were cognizant of Dudley's plans. Generally speaking, there was no question as to the authenticity of the letter. A few of the party strikers attempted to start a cry of forgery, but were quickly suppressed by instructions from headquarters, where there was a manifest disinclination to say anything which might call forth confirmatory evidence which would make other hearts than Dudley's ache.

The Caledonian society observed All-Hallowe'en at their parlors in the Mommer block, last night, and indulged in many of the sports familiar in bonnie Scotland. "To-night is Hallowe'en, the time when witches, devils and other mischief-making beings are all abroad on their mischief-making, baneful midnight errands." Thus wrote Robert Burns, the Scotch poet, who did more to immortalize this festival than any other author. "The mischief-making beings" are those who carry off your front gate, ring your door bell, smash a window and cut all sorts of pranks. They were out in force last night, as many a citizen will testify to-day.

Last night, at Latty, sneak-thieves broke into the caboose attached to an incoming Nickel Plate freight train and stole $100 worth of clothes from Conductor Bell and his brakeman. They brought their new suits with them to attend Conductor Anderson's funeral today, and some scoundrel discovered the fact.

A large cage containing a live gorilla, which was standing on the platform at the Wabash depot, attracted considerable attention this morning. It belonged to Billy Stewart, the showman.

Joseph W. Sprague, president of the Ohio Falls car works, at Jeffersonville, has sold his interest in the works for $150,000 and will next month retire from the presidency and spend some time in Europe.

Every employe in the pattern department of the Bass works is a democrat. The boys have hung a large picture of the American eagle up at the windows and this they will keep there until Cleveland is elected.

The Pennsylvania people are still experimenting with plans to heat their trains from the locomotive. A good deal of experiment has been done with a "return system," using the Williams apparatus, with modifications suggested by the company's own engineers.

W. Wordsell, who was for many years superintendent of the motive power of the Pennsylvania road, with headquarters at Altoona, is now superintendent motive power of the Northeastern road of England. He introduced the compound locomotive which is proving so popular with English roads.

The Baldwin locomotive works have just completed the twentieth heavy freight engine, on an order for fifty, which they are building for the Pennsylvania company. Last week they completed the order from the Philadelphia and Reading road for sixty locomotives and recently shipped thirty locomotives to the Mexican National road.

A giant locomotive is being constructed in Boston. It is for use on the Atchison road and has two cabs, one over the boiler for the engineer, and the other in the usual place for the fireman. The driving wheels are of paper, with steel tires. Economy in fuel is accomplished by a pump which utilizes the exhausted water, and by a large combustion chamber, which burns all the gas. It is expected the engine will make eighty miles an hour, with ten coaches on ordinary road.

THE NUPTIAL KNOT.

The Marriage of Miss Rebecca Rosenthal and Mr. Joseph Lohman Last Evening.

One of the pleasantest social events of the season was the marriage last evening of Miss Rebecca Rosenthal, the accomplished daughter of Dr. and Mrs. I. N. Rosenthal, and Mr. Joseph Lohman, one of the most popular and successful wholesale merchants in the city and a pleasant gentleman. The ceremony was performed according to the beautiful ritual of the Hebrew faith at the Achduth Veshalom Temple by Rev. Tobias Schoenfarber.

The tying of the nuptial knot was witnessed by a large number of the friends of the contracting parties, among whom were many from other cities. After the ceremony the large company repaired to the Standard club parlors, where a reception followed and a magnificent supper was served. The guests lingered until a late hour and spent the evening in gay dance, while Mr. and Mrs. Lohman left for the west on a wedding tour. They were the recipients of a number of costly and beautiful presents. THE SENTINEL joins with their many friends in extending its choicest congratulations to the young couple.

Broke Her Arm.

Yesterday afternoon Lizzie Quinn, the ten-year-old daughter of Mr. James Quinn, of the Pittsburg shops, while playing at school, stepped upon a banamna peel in the yard and fell and broke her arm just above the wrist.

The little girl was taken to her home, 194 Lafayette street, where her injuries were dressed by Dr. Van Buskirk.

The Arctic Fleet.

NEW BEDFORD, Mass., Oct. 31.—The latest from the Arctic whaling fleet states that the thirteen whaling vessels reported frozen in the Arctic ocean are together and fifteen miles south of Herald Island, instead of twenty miles north as before reported.

Lillie Gould Insane.

NEW YORK, Oct. 31.—Lillie Gould, who has done the soubrette in several theaters throughout the country, was taken to the pavilion for the insane at Bellevue hospital. She keeps up an incessant chattering and stalks about her narrow cell like a tragedy queen.

A fine constitution may be ruined by simple neglect. Many bodily ills result from habitual constipation. There is no medicine equal to Ayer's Pills for restoring the system to natural and healthy action.

FOREIGN FLASHES.

The Narrow Escape of the Czar of Russia.

ST. PETERSBURG, Oct. 31.—An official statement regarding the accident which happened to the czar's train, on Monday, has been issued. It is as follows: The train contained the czar and czarina and suite and left Taranovka, at noon, Monday. While passing through a deep guage near Borki, the train left the rails. At the time of the accident, the czar and czarina were in the saloon carriage, at breakfast. When the first carriage left the track, the rest of the train oscillated, and the succeeding carriage keeled over. The saloon carriage, although remaining on the track, was badly shattered. The roof fell in but rested on a portion of the side, thus forming a shield for the occupants. It seems incredible that with such a havoc any of the occupants of the train should have escaped unhurt, but God protected the czar and family, who were taken from the wreck uninjured. Some other occupants of the train received slight contusions, among them being General Scheremetieff, an aide-de-camp of the czar.

Sullivan Says.

NEW YORK, Oct. 31.—In a lettter to the editor of the *Illustraied News*, John L. Sullivan says he is the only champion, and hopes to be prepared at an early day to defend the title against all comers. Kilrain, he says, will have the first chance and if they meet he has no fear of the result.

Rheumatism

Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, hips, and wrists. Thousands of peopte have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

Suicide in Court.

KANSAS CITY, Oct. 30.—A sensatian was created in the court room this morning by the suicide of Jack Fleming, a marshal, who drew a revolver and blew his brains out while court was in session. No cause assigned.

Chronic catarrh usually indicates a scrofulous condition of the system, and should be treated, like chronic ulcers and eruptions, through the blood. This disease has been cured, in hundreds of cases, by the use of Ayer's Sarsaparilla. Price $1. Six bottles, $5.

Took His Life.

NEW YORK, Oct. 31.—Andrew Franks, thirty-two years old, of 110 West Thirtieth street, was found dead in a closet on the third floor of his place of business, 13 South Williams street, with a pistol-shot wound in his right ear, this morning. He is supposed to have shot himself.

You Carry

A whole medicine chest in your pocket, with one box of Ayer's Pills. As they operate directly on the stomach and bowels, they indirectly affect every other organ of the body. When the stomach is out of order, the head is affected, digestion fails, the blood becomes impoverished, and you fall an easy victim to any prevalent disease. Miss M. E. Boyle, of Wilkesbarre, Pa., puts the whole truth in a nutshell, when she says: "I use no other medicine than Ayer's Pills. They are all that any one needs, and just splendid to save money in doctors' bills."

Here is an instance of

A Physician

who lost his medicine chest, but, having at hand a bottle of Ayer's Pills, found himself fully equipped.—J. Arrison, M. D., of San José, Cal., writes:

"Some three years ago, by the merest accident, I was forced, so to speak, to prescribe Ayer's Cathartic Pills for several sick men among a party of engineers in the Sierra Nevada mountains, my medicine chest having been lost in crossing a mountain torrent. I was surprised and delighted at the action of the Pills, so much so, indeed, that I was led to a further trial of them, as well as of your Cherry Pectoral and Sarsaparilla. I have nothing but praise to offer in their favor."

John W. Brown, M. D., of Oceana, W. Va., writes: "I prescribe Ayer's Pills in my practice, and find them excellent. I urge their general use in families."

T. E. Hastings, M. D., of Baltimore, Md., writes: "That Ayer's Pills do control and cure the complaints for which they are designed, is as conclusively proven to me as anything possibly can be. They are the best cathartic and aperient within the reach of the profession."

CORSET

DEPARTMENT !

Street Floor--Center--South Side.

Many doctors say that women should not wear corsets. Doctors disagree, but you women agree to wear them. You are thinking of a new dress and a new wrap of some of the varied styles.

Buy Your Corset First.

Can you reasonably expect your new garment to fit well without a new corset? Surely not. Our immense and well selected stocks, from the best of Foreign and American manufacturers, will enable you to make a selection of a "perfect fit." It seems to the writer (who wishes the salesladies would write the corset story) that a "perfect fit" covers the desirable qualities, but you may need an extra long waisted or unusually short waisted, or a nursing, or an abdominal. Whatever you desire in a corset the saleswomen will find for you here. We would name all the varied styles and makes, only that it would prove wearisome to read. Hear of a few: Our Style, No. 90, at 50c.; German weave, 75c.; the Warner's Coraline and the Juno at $1; the Health at $1.25; the Glove Fitting, at $1.50, and the P. D. Corset at $1.75. These are popular—every hour selling brands. Beside these, you will find all the finely wrought and highly embroidered makes. Here, too, you will find a full line of "Good Sense Waists," and a complete stock of braces, clasps, forms, bustles and stocking supports. The best goods, low prices and courteous treatment. These combined necessitate the removal of this department to an enlarged place now in preparation.

There was consternation among the passengers on board the incoming Wabash passenger train Tuesday evening last. When nearing the city of Wabash, a bullet crashed through the window of a chair car in which there were a number of passengers returning from Peru. The passenger having the narrowest escape was Mr. Rogers, of Huntington, whose head the ball barely grazed. The train should have been stopped and the passengers allowed to search for the villain. It might have ended the mischief that is done occasionally to Wabash trains in that vicinity.

The republican Dudleyites, it is said, are dispensing the campaign boodle from their private room, in the Foster block. The republicans some time ago went into an agreement to hang a picture of General Harrison in the front window of their residence, to make a show as it were. Send down for one and let us give the republicans a dose of their own medicine.

The Chicago local committee of the Central Traffic Association held a meeting yesterday at Chairman Shaw's office, and, under the new rules, considered the question of rates. The Fort Wayne officials claimed that a certain line was making a rate of 44 66-100 cents on butter and eggs, Chicago to New York, or business originating west of here. The regular rate is 50 cents. The charge was not proven. Nevertheless the Fort Wayne reduced its rates from 50 cents to 44 cents, the reduction taking effect at once. It is expected that the other lines will follow suit.

"Mamma," said a little three year old, "papa says you wern't pretty last week, but you are beautiful to-day." "Ah! my child, last week I had neuralgia, this week I have Salvation Oil."

MR. MAX NIRDLINGER.

The Energetic Clothing Man is a Sure-enough Millionaire—His Plans.

Mr. Max Nirdlinger, the clothing merchant, came home from the east last night, and is about the happiest man in this municipality.

At Camden, N. J., the 25th ult., Messrs. Weidner, Elkins & Co., Mr. R. W. Lesley, S. F. Nirdlinger, all of Philadelphia; Wure B. Guy, of Boston, Mass.; J. F. Joline, of New Jersey, and Max Nirdlinger, of Fort Wayne, incorporated a stock company to control the sale and manufacture of the petrole fuel in all the states east of the Allegheny mountains.

This is quite an enormous arrangement in itself, but when Mr. Nirdlinger arrived home this morning and opened a letter from a California syndicate offering him $250,000 for the right to sell his petrole fuel on the Pacific coast and giving him besides a half interest, his heart opened up and handing the letter to THE SENTINEL representative he remarked: "I have telegraphed my acceptance of the proposition, as you see they request."

"This petrole fuel, is likely to make a fortune for you," ventured the reporter.

"That does not represent the profits," said Mr. Nirdlinger. "I have now contracts enough to make me a millionaire but that will not make me stop. I am here now to close my connection with the clothing house of Sam, Pete & Max, and inside of six months I will be in Europe with my family. I expect to sell the fuel in the old world and revolutionize things."

Mr. Nirdlinger seems to have struck it rich indeed, for THE SENTINEL is giving facts.

MR. LOUIS NIEMAN

And Seven Other Republicans Come Out for Cleveland and Thurman.

Mr. Louis J. Nieman, of No. 4 Bass street, called at THE SENTINEL office to-day to say he proposed to vote the entire democratic ticket, and he knows of seven of his friends who will do likewise, although they have heretofore been republicans.

Republicans have insulted these men by insinuating that they were purchased and that Mr. Nieman received money from the democrats.

Mr. Nieman will give $100 for the scoundrel who is circulating the report, and means what he says.

We will wager it is some hireling, who is fed by Dudley's corruption fund.

THE MAHONING.

The Santa Fe Company Liable to Purchase the New Line.

The Findlay *Jeffersonian* has the following: "The officials of the Atchison, Topeka and Santa Fe road, one of the greatest systems in the west, are figuring for an eastern outlet and are looking into the practicability of building the Mahoning road. They came over to Ottawa this afternoon on a special train. To see the Mahoning road backed up by such a company would mean a great deal for its future and it is earnestly hoped that they will think the route a feasible one and conclude to finish the new trunk line between the east and the west."

It is well known that the Santa Fe is looking for an eastern outlet and as the Toledo *Bee* has frequently said the proposed line of the New York, Mahoning and Western is one of the most feasible and inexpensive routes between the east and west. About the only thing that seems to be left for the old company to do is to sell out to some company like the Santa Fe. They have tried in vain for months to realize on their bonds. The creditors dare not take legal action because of the value of the road, at forced sale, in it present condition, would not pay them twenty-five cents on the dollar and many of them are suffering for the money. It is indeed to be hoped that the Santa Fe will buy the Mahoning.

NEW NEGROES

Are Imported Into the City to Vote by the Republican Rascals.

Every incoming train brings one or two strange negroes, and singular to relate, they are all taken care of.

The purpose is to vote these men, but the democrats are aware of the scheme, and have shadowed every one of the negroes.

They will have to be sworn in by their employers, for, happily, now, the federal marshal is a democrat who is brave enough to prevent election frauds.

Fraudulent voters are warned to beware for no Dudleyism and Quayism will go this year.

There was a very pleasant surprise party given in honor of Mr. J. Klinger, at his home, 59 Barr street. Among those present were: Misses Carrie Sarrazin, Lizzie Houser, Josephine and Theresa Brossard, Mary Depray, Carrie Reusman, Mary Renish, Anna Strasser, Carrie Griebel, Louise Hill, Ellie Dougherty, Rose and Alice Mulligan, May Vanallen, Messrs. W. A. Jackson, Walter Austive Grosjean, Fred Mettey, Kossatt Hassler, Frank Pattry, Sherm Calbicher, Will Keeler, Flick Weber, Andy Corcoran, Henry Kappel, George Patton, Frank Person, Lawrence White, Will Depray and Ben Reusman. The evening was spent in dancing and at midnight a delicious supper was served. The Italians furnished the music.

The breath of a chronic catarrh patient is often so offensive that he becomes an object of disgust. After a time ulceretion sets in, the spongy bones are attacked and frequently entirely destroyed. A constant source of discomfort is the dripping of the purulent secretions into the throat, sometimes prodncing inveterate bronchitis, which in its turn has been the exciting cause of pulmonary disease. The brilliant results which have attended its use for years past properly designate Ely's Cream Balm as by far the best and only cure.

COLONEL DUDLEY.

He Tries to Hide His Infamy by a Half-Way Denial.

NEW YORK, Nov. 1.—An Associated Press reporter called upon Colonel Dudley and questioned him regarding the circular published over his name and said to have been issued from the republican headquarters. The verbatim report of the interview with the colonel is as follows:

"Colonel, did you send out this circular?"

"The circular, as published, is a forgery."

"Did you send a circular substantially the same as this?"

"I won't answer. I only say that this letter as published is a forgery."

"Would you indicate any interpolations of any part that is forged?"

"No, I will only repeat what I said—and please take down the exact words—the circular *as published* is a forgery."

"Perhaps your signature to the letter instead of that of the national committee is the forged part," suggested the reporter.

But Colonel Dudley would repeat only the same answer. He positively declined to deny, however, that the substance of the circular was sent out by the republican national committee.

Other members of the committee who were asked about the circular, replied: "It is forged, *as published*."

The Illinois Contest.

SPRINGFIELD, Nov. 1.—The gubernatorial contest in Illinois has closed, with the exceptions of Chicago and Cook county. Both candidates are there and will remain in Chicago until the election. There is a great contest here for governor, and the democracy are quite sure of a small majority, as many of the railroad and laboring men will vote for Palmer as against Fifer, the republican candidate. Palmer has made an able canvass of the state and has many warm personal friends.

A Big Haul by Highwaymen.

AKRON, Ohio, Nov. 1.—Joseph Dickenhof, aged eighty, while going through an unfrequented party of the city last evening, was assaulted by two highwaymen and robbed of $7,300 that he carried in a valise. He was knocked down with a sling shot. The thieves escaped in the darkness, stealing a horse and buggy to get away with. Officers are in pursuit.

A HORRIBLE DEATH!

Overtakes an Iron Works Employe by the Explosion of Molten Iron.

PITTSBURG, Pa., Nov. 1.—An explosion of hot metal occurred at the Sable iron works, of Zug & Co., shortly before noon, killing one man and seriously injuring two others. Two men were employed in the furnace department pouring molten metal into a car when it was accidentally upset and hot iron ran into a puddle of water.

A terrific explosion followed, demolishing the furnace and a portion of the mill and scattering metal over the men. George Smith was horribly burned about the head and chest, and one arm was torn from his body. He died almost instantly.

Others were also frightfully burned, but all will recover except Klein, who is in a very critical condition. The damage to the mill will not exceed beyond $1,000.

An Infant Murdered.

LAFAYETTE, Ind., Nov. 1.—Yesterday the coroner fished out of the driftwood at the Brown street bridge the body of an infant, which had been thrown in last night. The parent of the child had made death certain by cutting its throat before consigning the body to the Wabash.

HOW NEW YORK WILL GO.

The World Figures Out a Good Democratic Plurality.

NEW YORK, Nov. 1.—The *World* has complete estimates from each county in the state and figures out a democratic plurality of 23,000. In this estimate New York county is shown as giving 65,000 plurality and Kings county 20,000 for Cleveland.

Another Comet.

ROCHESTER, N. Y., Nov. 1.—A telegram just received from the Lick observatory announces the discovery, by Barnard, of another comet, the second discovered by them in less than two months. It was in right ascension 9 hours, 43 minutes, 22 seconds; declination south, 15 degrees, 19 minutes. It has a faint tail, with a slow motion northeast. It is of the eleventh magnitude, being just visible through the four-inch telescope.

Foreign.

LONDON, Nov. 1.—Lord Sackville has not yet advised the government as to the date of his return. It is possible some time may elapse before a new minister is sent to Washington. American circles here are anxious that Lord Dufferin should be appointed to the post.

The illness of Cardinal Newman is now reported to be very serious.

SAVED THE SAFE.

Three Men Hold Up a Train, But the Messenger Secures the Valuables by Flight With the Keys.

EL PASO, Texas, Nov. 1.—The Mexican Central passenger train was held up sixty-two miles below El Paso yesterday by three masked men. They came on the engine over the tender, and at the point of a six-shooter forced the engineer and fireman to stop the train and get off. They divided the train and left the passenger cars and ran on six miles, when they again stopped and robbed the express car, getting over $2,000.

Express Messenger N. T. Villegas jumped out of the car at the side door while the robbers were breaking the end door, and ran off in the darkness with the keys to the safe, thus preventing the robbers from getting the valuable contents of the safe.

The robbers came on with the engine nearly to Juarez and then abandoned it. They cut the telegraph wires, and it was nearly 8 o'clock before telegram was received at Juarez telling of the robbery. The men were Americans, and are supposed to have come across the river, but there is no clew to them.

Yesterday, before Esquire Romy, Fred Geistdorfer was fined $1 and costs for assaulting Hattie Gillette.

A SICKENING SIGHT.

Two Pugilists Have a Prize Fight in a Hotel Dining Room.

NEW YORK, Nov. 1.—Thomas Flannagan, of Cincinnati, and Peter McCable, of Albany, fought a desperate battle lasting ten rounds, in the dining room of the hotel at City Island. Flannagan was declared the victor at the close of the tenth round, after almost demolishing McCabe. The battle became so wicked after the finish that many spectators turned their heads away to avoid the sickening sight. The fight lasted forty minutes.

Judge S. M. Hench spoke to a big democratic meeting at Albion yesterday.

A Big Fire.

LYNCHBURG, Va., Nov. 1—Fire this morning destroyed Moorman's tobacco warehouse, the Dental chewing gum factory, and Hofferans' sash, blinds and door establishment, causing a loss of over $50,000; insurance, $21,000.

The Public Debt.

WASHINGTON, Nov. 1.—The decrease of the public debt for October is estimated at $160,000.

THE laborer must always buy in a protected market, at prices dictated by trusts and monopolists, under cover of the war tariff tax. The only thing the toiler can sell is his labor and he must compete with the world. This is the problem of the day.

OUT FOR A NIGHT.

A Mob of Two Hundred Ann Arbor Students Celebrate Hallow'een and Some of Them are Jailed.

ANN ARBOR, Mich., Nov. 1.—A mob of 200 students celebrated hallow'een last night in a manner which landed three in jail. They first attempted to break up a procession, but were unsuccessful. They next went to a meeting at which W. L. Putnam, of Maine, was speaking, and raised a disturbance. They were ejected. They then raised bedlam in the streets until three were jailed, when the rest went in a mob to the jail and tried to effect their release, but were unsuccessful.

MURDERED ON THE HIGHWAY.

Attacked by a Band of Colored Murderers, and Two White Travelers Killed.

CHARLESTON, W. Va., Nov. 1.—Information has been received from Mercer county, that on Sunday last, two white travelers on a highway were attacked by a band of negroes, two of the travelers shot and their bodies robbed of $600.

The other two men William Henderson and Michael Johnson, escaped and went to Bramwell, the county seat of Mercer, where they gave the alarm. Fifty men went at once in pursuit, but up to yesterday had been unsuccessful, as the outlaws took to the mountains in the neighborhood of the Kentucky line.

A SALOON ROW.

Street Railroad Men Indulge in One at Chicago.

CHICAGO, Nov. 1.—At a late hour last night several new north-side street railroad employes were engaged in playing pool in a saloon at Clybourn and Racine avenues, when they were attacked by a number of old men, the latter using chairs and whatever else came handy. Then revolvers were drawn and a number of shots fired, Conductor Gannel shooting a man named Montee in the leg. Montee had previously attacked Gannell with a chair. Gannell was the only one arrested.

No More Colored Butter.

BOSTON, Mass., Nov. 1.—The butter color which nearly all farmers and creameries use in increasing the yellow tint of their product is annoto boiled in cotton seed oil. The *New England Farmer*, of this week, publishes a letter from the commissioner of internal revenue with a decision that such a mixture, though containing an extremely small amount of cotton seed oil, comes within the letter of the statute defining oleomargarine.

Yellow Fever.

WASHINGTON, Nov. 1.—Surgeon Porter, Jacksonville, Fla., telegraphs that he has closed one of the hospitals at Sand Hills, as there no longer exists any necessity for two.

DECATUR, Ala., Nov. 1.—In the last twenty-four hours eight new cases have developed, The whites are Geo. Black, Thomas Cronan, Thomas Cline and Wm. Shubridge.

WHY does Germany with its high protection pay its laborers seventy-seven per cent. less wages than the laborers of "free trade" England? Because protection is a farce and a sham.

THE sugar trust has advanced the price of sugar about two cents within a year. This means a gain of $60,000,000 to the trust and yet Congressman White contends that the tax on sugar is not high enough.

SOMEBODY is sending out democratic tickets with Captain White's name on for congress. Democrats, vote your ticket straight. What is the use of electing a democratic president and tieing his hands with a republican congress.

THE people of the United States have come to understand that President Cleveland is thoroughly American, and the friendship or enmity of a foreign nation would have no more to do with shaping his policy than a midsummer breeze.

VOTE the democratic ticket straight.

WHO is going to be injured by reducing taxation?

HARRISON will neither carry his own county nor state.

VOTE to return the surplus to the pockets of the people.

VOTE to reduce taxation. Unnecessary taxation is unjust taxation.

THE democrats are thoroughly aroused, active and hopeful. Let every democrat do his whole duty.

MR. DUDLEY's little plan to purchase the vote of Indiana for Harrison has been slightly forestalled.

SENATOR JNO. SHERMAN said a few days ago that General Harrison would be badly beaten in Indiana.

BEWARE of imported negroes. Make some reputable property owner swear that each doubtful negro is a legal voter.

EVERY man on the democratic ticket will be elected. Republicans can squeeze all the consolation they please out of it.

THE national democratic committee has offered $1,000 reward for the author of the Murchison letter, written from Pomona, Cal.

SPOT every republican who has not been in the county sixty days. A voter is required to be in the state six months, the county sixty days and the precinct thirty days.

THE annual report of Warden Patten, of the southern Indiana prison, shows the institution to be self sustaining. Senator Barrett's investigation of that institution has had a wholesome effect.

POPE LEO XIII sets at rest the rumors of a possible abandonment of Rome as the Holy See by his recent declaration to the Neopolitan pilgrims that "it shall ever remain the capital of the Catholic world."

THAT was a good marching song used by the clubs in the business men's parade, in New York City recently, in honor of President Cleveland. They sang, as they marched: "Don't, don't, don't be afraid; tariff reform is not free trade."

DEMOCRATS are especially cautioned to be on their guard against bogus tickets. It is well known that tickets have been in circulation several days purporting to be straight democratic tickets, with republican names sandwiched in.

S. BASH & Co. are out in another card offering to wager $1,000 that their oil machinery is not good enough to make oil for market competition. If S. Bash & Co. would offer to bet an old hat or a last year's bird nest we would warmly accept the offer, but under the circumstances we cannot, unless they let us in on the profits of the linseed oil trust, for a day or so at least.

THE Boston *Pilot*, John Boyle O'Reilly's paper, publishes a letter from P. A. Collins, Eugene Kelley and other leading Irishmen, declaring that the senate is responsible for the insertion of the clause in the new treaty with England, providing for the extradition of dynamiters, and that as framed by President Cleveland it guarded against the surrender of political offenders.

THERE is no country in the world where the workingman is so industrious, ambitious and altogether thrifty as in America. Why in the world, therefore, he should be taxed for the necessaries of life in order to make a big surplus bigger and help the already rich to grow richer by means of monopolies and combines is something "which no fellow can find out." He will say at the polls whether he likes that sort of thing or not.

THE supreme court of Indiana, in a recent decision, recorded in the One Hundred and Thirteenth Indiana (Pettigo vs. Grimes), has reaffirmed the right of students who have taken up domicile at the college town, to vote there. It covers the question, also, as to whether the employes of a public institution have a right to vote in the precinct in which they are employed. They must first have their residence there, and legal residence is a place selected as an abiding place to the exclusion of all other places.

SEVERAL state benevolent institutions reported to the proper state officers at Indianapolis, and received their October allowances for the current expenses from the state treasurer yesterday. The insane asylum received $24,510.05; the deaf and dumb institute $8,080.03; and the institution for the blind $2,680.66. The home for the feeble-minded children has grown rapidly during the year, as is shown by its report for the month closing to-day. The document shows the number of inmates, including employes, to be 281, and the allowance for expenses during the period $2,810.

FIFTY-EIGHT men control the salt trade in this country. They have a protective tariff of twelve cents on the bushel. One thousand and five hundred men are engaged in the labor of making salt in this country, who are paid less wages per man than the laborers are paid in the unproprected industries. Sixty million people use salt and pay twelve cents per bushel to fifty-eight men who control its manufacture in this country. And yet republicans declare that the present iniquitious tariff must not be disturbed. Vote against legalized robbery.

A SCOUNDRELLY LETTER.

The Indianapolis *News*, a republican newspaper and a warm supporter of General Harrison, is fair enough to denounce the attempt of Colonel Dudley to corrupt the voters of Indiana. It says:

"The *Sentinel* this morning prints a letter signed, 'Wm. W. Dudley,' which it says, 'was received during the last few days by the chairman of a certain republican county committee.' We reprint the letter elsewhere in this paper. It is the letter of a scoundrel. We do not believe that Colonel Dudley wrote it; we have always regarded him as an honest man. But if he did write it he is a scoundrel. If it is a forgery then the man who forged it is doubly a scoundrel. The letter is a plain instruction to debauch the suffrage, to-wit: 'Divide the floaters into blocks of fives and put a trusted man *with necessary funds* in charge of these five and make him responsible that none get away.' The letter could have an innocent construction—a construction of simply detailed arrangements for getting out the complete vote—were it not for that clause. But that clause is plain direction how to buy votes, and stamps the letter as a piece of infamous scoundrelism. There is no greater crime than this. Sim Coy's crime was not greater. He simply did by brutal forgery what is here sought by corrupting others. If anything, this is worse; for it creates a purchaseable quantity to be turned loose to act and react on every election. It creates a band of mercenaries to go about and nullify continually the expression of the will of honest citizens. It strikes at the very root and bottom of our institutions, and its depth and prevalence make it simply a question when our institutions perish and despotism rises on the ruins of anarchy. The penitentiary and hard labor for life are too easy a berth for the writer of that letter or for anyone who acts upon it. Be it true or false it is a loud call for every honest man in Indiana to make it his sacred duty to go to the polls next Tuesday and see that every one entitled to vote is allowed to deposit one ballot and have the same honestly counted. No corruption must be allowed to taint Indiana's conduct."

A Word to the City Council.

To the Editor of THE SENTINEL.

We must be more enterprising and more energetic. Other cities, much farther away from the gas fields, are putting in natural gas and we are doing nothing. We plead with you to do something at once. Do not put it off until after the election. Our people are sick and tired buying coal at war prices. Make a scale—one that is fair for all—and then advertise it to the world. Capitalists will take hold. Let Mayor Muhler take hold of this matter and push it through. The people are watching and waiting for something to be done at once. MANUFACTURER.

THE DUDLEY LETTER.

The Document in the Hands of Mr. S. E. Morss and Bears Evidence of Its Genuineness.

The Indianapolis *News*, a republican paper and supporter of General Harrison, says, in regard to the infamous Dudley letter published in THE SENTINEL yesterday:

"The Dudley letter has created a great stir. It is generally admitted that if its authenticity is unquestionably proved it is likely to be damaging to the republican party, but whatever effect it may have hinges entirely upon the question as to whether or not it is genuine. Republicans regard it as an endeavor to off-set the Sackville letter, and, with the exception of a few, believe that it is a forgery. Democrats declare that there can be no doubt as to its authenticity.

The original copy of the letter is in the possession of Mr. S. E. Morss, the editor of the *Sentinel*, and by him it was shown to a *News* reporter this morning. It covers two sheets of paper, and is written on the engraved letter heads of the republican national committee, printed with blue ink. The top of the first page, on which was written the name of the person to whom it is said to have been addressed, has been cut off close to the first. The matter is printed with type writer, of the italic style of letter, and the lines are close together. It is difficult to determine how the signature was written. Mr. Morss thinks it was written with an ordinary pen, but it looks like some uncommon instrument had been used. The lines are very fine and lines are discernible that were not traced by the ink. Mr. Morss was asked if there was any evidence connected with the letter that had not been made public. "None that I care to speak of now," he replied, "but I will tell the grand jury what I know. I suppose that no one doubts that it is genuine."

"Yes, republicans question its authorship. They believe it is a forgery."

"I have not the least doubt that it is genuine. I do not believe that Dudley will deny that it is his signature that the letter bears. It was examined yesterday by bankers, business men, and experts, who are familiar with Mr. Dudley's writing, and all agreed that there was no doubt that it was Dudley's signature. There is no question in my mind on that point. If I had doubted it I shouldn't have published it."

Judge Claypool also examined the letter, and to the *News* said: "I have carefully examined the original of the Dudley letter, and I am thoroughly satisfied that it is Dudley's letter, and that he is guilty of violating two statutes. Under one he may be indicted singly, and under another conjointly with others, I am very hopeful, if not to say confident, that the necessary evidence to sustain a prosecution against him can and will be obtained. That he has committed a very grave offense there can be no doubt, and he deserves severe punishment."

It was noticeable that among those who called to examine into the matter that there was no representative of the committee of one hundred.

All day long the republicans were in confusion. The publication of the letter had revealed their entire plan of campaign. For two or three weeks they have been howling fraud at the democrats, hoping thus to cover up their own work in importing negroes, bulldozing local voters and preparing to buy every purchasable vote.

Public opinion, of whatever political faith, was very freely expressed against Dudley, and the republican managers who were cognizant of Dudley's plans. Generally speaking, there was no question as to the authenticity of the letter. A few of the party strikers attempted to start a cry of forgery, but were quickly suppressed by instructions from headquarters, where there was a manifest disinclination to say anything which might call forth confirmatory evidence which would make other hearts than Dudley's ache.

The Caledonian society observed All-Hallowe'en at their parlors in the Mommer block, last night, and indulged in many of the sports familiar in bonnie Scotland. "To-night is Hallowe'en, the time when witches, devils and other mischief-making beings are all abroad on their mischief-making, baneful midnight errands." Thus wrote Robert Burns, the Scotch poet, who did more to immortalize this festival than any other author. "The mischief-making beings" are those who carry off your front gate, ring your door bell, smash a window and cut all sorts of pranks. They were out in force last night, as many a citizen will testify to-day.

Last night, at Latty, sneak-thieves broke into the caboose attached to an incoming Nickel Plate freight train and stole $100 worth of clothes from Conductor Bell and his brakeman. They brought their new suits with them to attend Conductor Anderson's funeral to-day, and some scoundrel discovered the fact.

Keep your blood pure and you will not have rheumatism. Hood's Sarsaparilla purifies the blood and tones the whole system.

AROUND THE DEPOTS.

One of the Bass Employes Injured—Other Local News and Gossip Told Briefly.

The railroad ticket agents sent in their monthly reports this morning.

Jacob Kretsinger, of the electric light works, is all smiles—a twelve pound boy.

The employes in the manufacturing establishments commenced a new month to-day.

The employes of the Brunswick Folding Bed company are now working ten hours a day.

Harry Campbell, formerly of the Pittsburg blacksmith shops, now of Chicago, is in the city visiting old friends.

James Trythall, of the Pittsburg blacksmith shops, is quite a poet, as will be seen by one of his verses elsewhere.

The Order of Railway Conductors turned out in a body this afternoon, to attend the funeral of Mr. Wm. Anderson.

Harry Kreps, brakeman on the Grand Rapids road, left yesterday for Clearfield, Pa., to attend the funeral of his father, who died suddenly of appoplexy at that place Tuesday.

Otto Benz, an employe of the Bass machine shops, cut one of his fingers in a very severe manner yesterday afternoon, while operating a machine, at the works and is off duty in consequence.

Mary had a little lamb,
She loved it from the start;
When on "free whisky" it got drunk,
It broke her little heart.
JAMES TRYTHALL.

A large cage containing a live gorilla, which was standing on the platform at the Wabash depot, attracted considerable attention this morning. It belonged to Billy Stewart, the showman.

Joseph W. Sprague, president of the Ohio Falls car works, at Jeffersonville, has sold his interest in the works for $150,000 and will next month retire from the presidency and spend some time in Europe.

Every employe in the pattern department of the Bass works is a democrat. The boys have hung a large picture of the American eagle up at the windows and this they will keep there until Cleveland is elected.

The Pennsylvania people are still experimenting with plans to heat their trains from the locomotive. A good deal of experiment has been done with a "return system," using the Williams apparatus, with modifications suggested by the company's own engineers.

W. Wordsell, who was for many years superintendent of the motive power of the Pennsylvania road, with headquarters at Altoona, is now superintendent motive power of the Northeastern road of England. He introduced the compound locomotive which is proving so popular with English roads.

The Baldwin locomotive works have just completed the twentieth heavy freight engine, on an order for fifty, which they are building for the Pennsylvania company. Last week they completed the order from the Philadelphia and Reading road for sixty locomotives and recently shipped thirty locomotives to the Mexican National road.

A giant locomotive is being constructed in Boston. It is for use on the Atchison road and has two cabs, one over the boiler for the engineer, and the other in the usual place for the fireman. The driving wheels are of paper, with steel tires. Economy in fuel is accomplished by a pump which utilizes the exhausted water, and by a large combustion chamber, which burns all the gas. It is expected the engine will make eighty miles an hour, with ten coaches on ordinary road.

THE NUPTIAL KNOT.

The Marriage of Miss Rebecca Rosenthal and Mr. Joseph Lohman Last Evening.

One of the pleasantest social events of the season was the marriage last evening of Miss Rebecca Rosenthal, the accomplished daughter of Dr. and Mrs. I. N. Rosenthal, and Mr. Joseph Lohman, one of the most popular and successful wholesale merchants in the city and a pleasant gentleman. The ceremony was performed according to the beautiful ritual of the Hebrew faith at the Achduth Veshalom Temple by Rev. Tobias Schoenfarber.

The tying of the nuptial knot was witnessed by a large number of the friends of the contracting parties, among whom were many from other cities. After the ceremony the large company repaired to the Standard club parlors, where a reception followed and a magnificent supper was served. The guests lingered until a late hour and spent the evening in gay dance, while Mr. and Mrs. Lohman left for the west on a wedding tour. They were the recipients of a number of costly and beautiful presents. THE SENTINEL joins with their many friends in extending its choicest congratulations to the young couple.

Broke Her Arm.

Yesterday afternoon Lizzie Quinn, the ten-year-old daughter of Mr. James Quinn, of the Pittsburg shops, while playing at school, stepped upon a bananna peel in the yard and fell and broke her arm just above the wrist.

The little girl was taken to her home, 194 Lafayette street, where her injuries were dressed by Dr. Van Buskirk.

The Arctic Fleet.

NEW BEDFORD, Mass., Oct. 31.—The latest from the Arctic whaling fleet states that the thirteen whaling vessels reported frozen in the Arctic ocean are together and fifteen miles south of Herald Island, instead of twenty miles north as before reported.

Lillie Gould Insane.

NEW YORK, Oct. 31.—Lillie Gould, who has done the soubrette in several theaters throughout the country, was taken to the pavilion for the insane at Bellevue hospital. She keeps up an incessant chattering and stalks about her narrow cell like a tragedy queen.

A fine constitution may be ruined by simple neglect. Many bodily ills result from habitual constipation. There is no medicine equal to Ayer's Pills for restoring the system to natural and healthy action.

FOREIGN FLASHES.

The Narrow Escape of the Czar of Russia.

ST. PETERSBURG, Oct. 31.—An official statement regarding the accident which happened to the czar's train, on Monday, has been issued. It is as follows: The train contained the czar and czarina and suite and left Taranovka, at noon, Monday. While passing through a deep guage near Borki, the train left the rails. At the time of the accident, the czar and czarina were in the saloon carriage, at breakfast. When the first carriage left the track, the rest of the train oscillated, and the succeeding carriage keeled over. The saloon carriage, although remaining on the track, was badly shattered. The roof fell in but rested on a portion of the side, thus forming a shield for the occupants. It seems incredible that with such a havoc any of the occupants of the train should have escaped unhurt, but God protected the czar and family, who were taken from the wreck uninjured. Some other occupants of the train received slight contusions, among them being General Scheremetieff, an aide-de-camp of the czar.

Sullivan Says.

NEW YORK, Oct. 31.—In a letter to the editor of the *Illustrated News*, John L. Sullivan says he is the only champion, and hopes to be prepared at an early day to defend the title against all comers. Kilrain, he says, will have the first chance and if they meet he has no fear of the result.

Rheumatism
Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, hips, and wrists. Thousands of peopte have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

Suicide in Court.

KANSAS CITY, Oct. 30.—A sensation was created in the court room this morning by the suicide of Jack Fleming, a marshal, who drew a revolver and blew his brains out while court was in session. No cause assigned.

Chronic catarrh usually indicates a scrofulous condition of the system, and should be treated, like chronic ulcers and eruptions, through the blood. This disease has been cured, in hundreds of cases, by the use of Ayer's Sarsaparilla. Price $1. Six bottles, $5.

Took His Life.

NEW YORK, Oct. 31.—Andrew Franks, thirty-two years old, of 110 West Thirtieth street, was found dead in a closet on the third floor of his place of business, 13 South Williams street, with a pistol-shot wound in his right ear, this morning. He is supposed to have shot himself.

You Carry

A whole medicine chest in your pocket, with one box of Ayer's Pills. As they operate directly on the stomach and bowels, they indirectly affect every other organ of the body. When the stomach is out of order, the head is affected, digestion fails, the blood becomes impoverished, and you fall an easy victim to any prevalent disease. Miss M. E. Boyle, of Wilkesbarre, Pa., puts the whole truth in a nutshell, when she says: "I use no other medicine than Ayer's Pills. They are all that any one needs, and just splendid to save money in doctors' bills."

Here is an instance of

A Physician

who lost his medicine chest, but, having at hand a bottle of Ayer's Pills, found himself fully equipped.—J. Arrison, M. D., of San José, Cal., writes:

"Some three years ago, by the merest accident, I was forced, so to speak, to prescribe Ayer's Cathartic Pills for several sick men among a party of engineers in the Sierra Nevada mountains, my medicine chest having been lost in crossing a mountain torrent. I was surprised and delighted at the action of the Pills, so much so, indeed, that I was led to a further trial of them, as well as of your Cherry Pectoral and Sarsaparilla. I have nothing but praise to offer in their favor."

John W. Brown, M. D., of Oceana, W. Va., writes: "I prescribe Ayer's Pills in my practice, and find them excellent. I urge their general use in families."

T. E. Hastings, M. D., of Baltimore, Md., writes: "That Ayer's Pills do control and cure the complaints for which they are designed, is as conclusively proven to me as anything possibly can be. They are the best cathartic and aperient within the reach of the profession."

ROOT & COMPANY'S CORSET DEPARTMENT !

Street Floor—Center—South Side.

Many doctors say that women should not wear corsets. Doctors disagree, but you women agree to wear them. You are thinking of a new dress and a new wrap of some of the varied styles.

Buy Your Corset First.

Can you reasonably expect your new garment to fit well without a new corset? Surely not. Our immense and well selected stocks, from the best of Foreign and American manufacturers, will enable you to make a selection of a "perfect fit." It seems to the writer (who wishes the salesladies would write the corset story) that a "perfect fit" covers the desirable qualities, but you may need an extra long waisted or unusually short waisted, or a nursing, or an abdominal. Whatever you desire in a corset the saleswomen will find for you here. We would name all the varied styles and makes, only that it would prove wearisome to read. Hear of a few: Our Style, No. 90, at 50c.; German weave, 75c.; the Warner's Coraline and the Juno at $1; the Health at $1.25; the Glove Fitting, at $1.50, and the P. D. Corset at $1.75. These are popular—every hour selling brands. Beside these, you will find all the finely wrought and highly embroidered makes. Here, too, you will find a full line of "Good Sense Waists," and a complete stock of braces, clasps, forms, bustles and stocking supports. The best goods, low prices and courteous treatment. These combined necessitate the removal of this department to an enlarged place now in preparation.

The Huntington *Herald* has this tale: "Dr. Chas. E. Stults, of Fort Wayne, was in the city this morning, and presented his folks with a wild goose. On Tuesday, he and his brother, Dr. Emery Stults, went out from Fort Wayne on a little gunning expedition and returned with fourteen squirrels, twenty-four quail, and four wild geese. The pride Charles exhibited in relating the successful adventures, was entirely justifiable."

The Fruit House to-day presents to our readers a revised price list of groceries, which we think of sufficient importance to call especial attention to. The prices there quoted are the lowest in the city and the goods are of the best quality. It will be to your interest to call at that establishment when in need of groceries, and get them. You can find everything in that line you need there, and will save from 20 to 25 per cent.

There was consternation among the passengers on board the incoming Wabash passenger train Tuesday evening last. When nearing the city of Wabash, a bullet crashed through the window of a chair car in which there were a number of passengers returning from Peru. The passenger having the narrowest escape was Mr. Rogers, of Huntington, whose head the ball barely grazed. The train should have been stopped and the passengers allowed to search for the villain. It might have ended the mischief that is done occasionally to Wabash trains in that vicinity.

The republican Dudleyites, it is said, are dispensing the campaign boodle from their private room, in the Foster block. The first to come are the first served and the strikers and blowers are about now, doing princely honors. How the respectable element will view this Dudley corruption fund remains to be seen next Thursday.

The republicans some time ago went into an agreement to hang a picture of General Harrison in the front window of their residence, to make a show as it were. The democratic central committee received a big consignment of Cleveland pictures yesterday and are giving them out free to democrats at the Academy of Music. Send down for one and let us give the republicans a dose of their own medicine.

The Chicago local committee of the Central Traffic Association held a meeting yesterday at Chairman Shaw's office, and, under the new rules, considered the question of rates. The Fort Wayne officials claimed that a certain line was making a rate of 44 66-100 cents on butter and eggs, Chicago to New York, or business originating west of here. The regular rate is 50 cents. The charge was not proven. Nevertheless the Fort Wayne reduced its rates from 50 cents to 44 cents, the reduction taking effect at once. It is expected that the other lines will follow suit.

"Mamma," said a little three year old, "papa says you weren't pretty last week, but you are beautiful to-day." "Ah! my child, last week I had neuralgia, this week I have Salvation Oil."

MR. MAX NIRDLINGER.

The Energetic Clothing Man is a Sure-enough Millionaire—His Plans.

Mr. Max Nirdlinger, the clothing merchant, came home from the east last night, and is about the happiest man in this municipality.

At Camden, N. J., the 25th ult., Messrs. Weidner, Elkins & Co., Mr. R. W. Lesley, S. F. Nirdlinger, all of Philadelphia; Wure B. Guy, of Boston, Mass.; J. F. Joline, of New Jersey, and Max Nirdlinger, of Fort Wayne, incorporated a stock company to control the sale and manufacture of the petrole fuel in all the states east of the Allegheny mountains.

This is quite an enormous arrangement in itself, but when Mr. Nirdlinger arrived home this morning and opened a letter from a California syndicate offering him $250,000 for the right to sell his petrole fuel on the Pacific coast and giving him besides a half interest, his heart opened up and handing the letter to THE SENTINEL representative he remarked: "I have telegraphed my acceptance of the proposition, as you see they request."

"This petrole fuel, is likely to make a fortune for you," ventured the reporter.

"That does not represent the profits," said Mr. Nirdlinger. "I have now contracts enough to make me a millionaire but that will not make me stop. I am here now to close my connection with the clothing house of Sam, Pete & Max, and inside of six months I will be in Europe with my family. I expect to sell the fuel in the old world and revolutionize things."

Mr. Nirdlinger seems to have struck it rich indeed, for THE SENTINEL is giving facts.

MR. LOUIS NIEMAN

And Seven Other Republicans Come Out for Cleveland and Thurman.

Mr. Louis J. Nieman, of No. 4 Bass street, called at THE SENTINEL office to-day to say he proposed to vote the entire democratic ticket, and he knows of seven of his friends who will do likewise, although they have heretofore been republicans.

Republicans have insulted these men by insinuating that they were purchased and that Mr. Nieman received money from the democrats.

Mr. Nieman will give $100 for the scoundrel who is circulating the report, and means what he says.

We will wager it is some hireling, who is fed by Dudley's corruption fund.

THE MAHONING.

The Santa Fe Company Liable to Purchase the New Line.

The Findlay *Jeffersonian* has the following: "The officials of the Atchison, Topeka and Santa Fe road, one of the greatest systems in the west, are figuring for an eastern outlet and are looking into the practicability of building the Mahoning road. They came over to Ottawa this afternoon on a special train. To see the Mahoning road backed up by such a company would mean a great deal for its future and it is earnestly hoped that they will think the route a feasible one and conclude to finish the new trunk line between the east and the west."

It is well known that the Santa Fe is looking for an eastern outlet and as the Toledo *Bee* has frequently said the proposed line of the New York, Mahoning and Western is one of the most feasible and inexpensive routes between the east and west. About the only thing that seems to be left for the old company to do is to sell out to some company like the Santa Fe. They have tried in vain for months to realize on their bonds. The creditors dare not take legal action because of the value of the road, at forced sale, in it present condition, would not pay them twenty-five cents on the dollar and many of them are suffering for the money. It is indeed to be hoped that the Santa Fe will buy the Mahoning.

NEW NEGROES

Are Imported Into the City to Vote by the Republican Rascals.

Every incoming train brings one or two strange negroes, and singular to relate, they are all taken care of.

The purpose is to vote these men, but the democrats are aware of the scheme, and have shadowed every one of the negroes.

They will have to be sworn in by their employers, for, happily, now, the federal marshal is a democrat who is brave enough to prevent election frauds.

Fraudulent voters are warned to beware for no Dudleyism and Quayism will go this year.

There was a very pleasant surprise party given in honor of Mr. J. Klinger, at his home, 59 Barr street. The evening was spent in dancing and at midnight a delicious supper was served. The Italians furnished the music.

The breath of a chronic catarrh patient is often so offensive that he becomes an object of disgust. After a time ulceration sets in, the spongy bones are attacked and frequently entirely destroyed. A constant source of discomfort is the dripping of the purulent secretions into the throat, sometimes producing inveterate bronchitis, which in its turn has been the exciting cause of pulmonary disease. The brilliant results which have attended its use for years past properly designate Ely's Cream Balm as by far the best and only cure.
